

Rangeland Rehydration Grader Field Day

Join **Ray Thompson**, the Southern Rangelands Revitalisation Team and other pastoralists for a frank and detailed presentation on the theory and limitations of water ponding and spreading. Following lunch, Ray will lead a hands-on field demonstration covering the survey, design and construction of grader-built water ponding and water spreading banks.

**Thursday 17
September 2026**

9.30 am – 12.00 pm

Cue Community Resource Centre
(lunch provided)

12.30 pm – 4.30 pm

Austin Downs Station site
(15 km from Cue)

This event is part of the Southern Rangelands Revitalisation Program – delivering practical insights to improve sustainable production and regeneration across the southern rangelands.
