

High-risk non-endemic fish that are noxious fish elsewhere in Australia

Translocation approvals, authorities and aquaculture licences will not be approved for import of the fish listed in this table.

(This list is subject to change. It is the importer's responsibility to check that this is the most up-to-date version of this list.)

Scientific name	Examples of common names used	Family
<i>Atractosteus spp.</i> (entire genus)	Including for example, American Gar, Armoured Gar, Alligator gar, tropical gar, Cuban gar	Lepisosteidae
<i>Barbonymus schwanenfeldii</i>	Tinfoil barb	Cyprinidae
<i>Boulengerella maculata</i>	Spotted pike-characin	Ctenoluciidae
<i>Bryconops affinis</i>	Orange-fin tetra	Iguanodectidae
<i>Bryconops melanurus</i>		Iguanodectidae
<i>Cichlasoma urophthalmus</i>	Mexican mojarra	Cichlidae
<i>Clariidae</i> (entire family)	Including for example, snake catfish, walking catfish	Clariidae
<i>Crenicichla lacustris</i>		Cichlidae
<i>Crenicichla notophthalmus</i>		Cichlidae
<i>Crenicichla saxatilis</i>	Ringtail pike cichlid	Cichlidae
<i>Crenicichla spp.</i> (entire genus)	Pike Cichlid	Cichlidae
<i>Dianema longibarbis</i>	Porthole catfish	Callichthyidae
<i>Fundulus chrysotus</i>	Golden topminnow	Fundulidae
<i>Gasterosteus aculeatus</i>	Three-spined stickleback	Gasterosteidae

Scientific name	Examples of common names used	Family
<i>Gibelion catla</i>	Catla	Cyprinidae
<i>Herichthys cyanoguttatus</i>	Rio Grande cichlid	Cichlidae
<i>Hollandichthys multifasciatus</i>		Characidae
<i>Hypophthalmichthys nobilis</i>	Bighead carp	Cyprinidae
<i>Hypselecara</i> spp. (entire genus)	Chocolate cichlid	Cichlidae
<i>Irvineia voltae</i>	Butterfish	Schilbeidae
<i>Knodus savannensis</i>		Characidae
<i>Lepisosteus</i> spp. (entire genus)	Spotted gar, longnose gar shortnose gar Florida gar	Lepisosteidae
<i>Lepomis</i> spp. (entire genus)	Bluegill	Centrarchidae
<i>Leptolebias splendens</i>	Splendid pearlfish	Rivulidae
<i>Microctenopoma ansorgii</i>	Ornate ctenopoma	Anabantidae
<i>Microctenopoma congicum</i>	Congo ctenopoma	Anabantidae
<i>Microctenopoma fasciolatum</i>	Banded ctenopoma	Anabantidae
<i>Microctenopoma nanum</i>	Dwarf ctenopoma	Anabantidae
<i>Micropterus</i> spp. (entire genus)	Including for example <i>M. salmoides</i> , largemouth bass	Centrarchidae
<i>Nandopsis tetracanthus</i>	Cuban cichlid	Cichlidae
<i>Neolissochilus hexagonolepis</i>	Copper Mahseer	Cyprinidae
<i>Ompok bimaculatus</i>	Butter catfish	Siluridae
<i>Osteoglossum bicirrhosum</i>	Arawana	Osteoglossidae
<i>Pangasianodon hypophthalmus</i>	Sutchi catfish	Pangasiidae

Scientific name	Examples of common names used	Family
<i>Parachanna obscura</i>	Snakehead	Channidae
<i>Phago loricatus</i>	African pike characin	Distichodontidae
<i>Polypterus endlicherii</i>	Saddled bichir	Polypteridae
<i>Polypterus retropinnis</i>	West African bichir	Polypteridae
<i>Pomoxis spp. (entire genus)</i>	Crappie	Centrarchidae
<i>Pseudocrenilabrus philander</i>	Dwarf Victorian mouthbrooder	Cichlidae
<i>Pygopristis spp.</i>	Piranha	Serrasalminidae
<i>Serrasalminae (subfamily)</i> (except <i>Metynnis spp.</i> , <i>Myloplus rubripinnis</i> , <i>asterias</i> , <i>planquettei</i> , <i>Piaractus brachypomus</i>)	Pacus, Piranahs	Serrasalminidae
<i>Sorubim lima</i>	Duckbill catfish	Pimelodidae
<i>Trichomycteridae (entire family)</i>	Parasitic catfish, pencil catfish, candiru catfish	Trichomycteridae
<i>Xiphophorus pygmaeus</i>	Pygmy swordtail	Poeciliidae
