BIOSECURITY AND AGRICULTURE MANAGEMENT REGULATIONS 2013

NOTIFICATION OF IMPORT OF PRESCRIBED POTENTIAL CARRIER (SOIL) CONSIGNED TO A
QUARANTINE FACILITY IN WESTERN AUSTRALIA

The import requirements published in accordance with Regulation 72 of the *Biosecurity and Agriculture Management Regulations 2013* allow for soil as a prescribed potential carrier to be imported to a quarantine facility in Western Australia for the purpose of scientific analysis.

Each consignment must be accompanied by this notification form.

1. Description and quantity of soil samples

2. Name, address and registration number of the receiving quarantine facility

3. Name of consignor (Print)

Address

Contact phone number

I the undersigned do hereby confirm:

- The prescribed potential carrier/s described in point 1 above is/are being imported exclusively for scientific analysis.
- The quarantine facility specified in point 2 above is approved or operates by arrangement under the *Biosecurity and Agriculture Management Act 2007* (WA), or an Approved Arrangement with the Department of Agriculture, Water and Environment, for the purpose of scientific analysis.
