

Fish Resources Management Act 1994

APPLICATION FOR A FISH PROCESSOR'S LICENCE

Part 7

This form is to be used by a person to apply for a licence to process fish for sale or otherwise for gain or reward.

The policy underlying the issue of licences for establishments processing certain species - e.g. Rock Lobster, is the subject of Ministerial Guidelines published from time to time. Applicants should make themselves aware of any guidelines affecting a proposal - e.g. foreign interests.

Standard conditions relating to disease-control in processing establishments and associated movement control of fish stock apply to the processing of marron under *Fish Resources Management Regulations 1995*, Regulation 66.

Applications for licences are subject to an "objections" procedure, whereby "affected persons" are given the opportunity to object to licence proposals. Affected persons have a right to object to the grant of a permit or a processor's licence. (For the definition of an "affected person" see *Fish Resources Management Act 1994* Section 146). It should be noted that compliance with the conditions of a permit under Section 80 is a pre-requisite to an application for a processors licence.

The Application form, accompanied by all necessary documentation and the statutory fee, should be forwarded to the Executive Director at the address shown on Page 3.

APPLICATION FEE

The Prescribed Application Fee must accompany this application

Note: Application Fees are set out in *Fish Resources Management Regulations 1995*, Schedule 1 Part 1, Item 4. Fees may be subject to change.

Applicants should be aware that details of any licence issued as a result of this Application may appear on the Register of Authorisations and be available for public search.
